Dear Parents/Guardians

This term has flown by and I cannot believe that we have only 6 weeks left of the school year after the holidays. As the Headteacher, I am very proud of the children and how hard they have worked throughout this past half term. They have now all settled well back into school life and it has been great to see the progress they are making with their learning. However, the children are ready for a rest and I hope that they enjoy some sunny weather during the half term holiday.

Today the theme of our assembly has been hard work and teamwork. This was closely linked to looking at bees and the links to our school values. The children discovered some amazing facts about bees and were most amused that as part of the honey making process a bee has to vomit into another bee mouth. Yuck! These tiny creatures work so hard to produce such a beneficial food for us all by flying over 110,00 miles and visiting over four million flowers to make just one kilogram of honey. We discussed that the hive was just like our school – a place that children and adults work together to achieve great things! This past year is proof that this remains the case with our community and once again we are very grateful for all your continued support.

However, as current cases in Rossendale Valley and Lancashire continue to rise, please ensure that if your child shows any symptoms of COVID you get a PCR test. Should your child test positive over the holiday period, you must contact school so that any potential contacts can be traced and informed to isolate. Any emails, should be sent to [head@britannia.lancs.sch.uk](mailto:head@britannia.lancs.sch.uk) as soon as possible to prevent further spread. Please be extra cautious, follow the guidance and stay safe over the holidays.

I look forward to seeing you all refreshed after the holidays.

Best wishes

Mrs Longstaff
